

SAVE \$500

ON ONE COMPLETE SET OF DENTURES FROM HORIZON DENTAL CARE

Why get your dentures from Horizon Dental Care and Mike Martin?

More than 25 years experience in custom denture fabrication and training from the Kois Center in Seattle, one of the country's leading institutions of advanced dental education.

We take our time and do it right. Dentures are not a simple project. There are no one-size-fits-all solutions. Getting your properly fitting dentures will take four or five appointments over the course of four to six weeks.

Our follow-up is exceptional after your dentures are made. Getting the proper fit can take time, but it's worth the effort.

We make it easy for you to resolve any issues with your new dentures for up to six months with no additional charge.

You have this coupon that will save you \$500!

"Teeth artistically placed and dentures well positioned within the framework of your smile can make such a difference in your life. That's why I enjoy working with dentures," - Mike Martin, DDS
